

GIGGIN' POLICY

The GROWTH of the GIG ECONOMY across the EU is A CHALLENGE for YOUNG PEOPLE!

THE GIG ECONOMY (Headlines...)

- 📣 Growing fast across the EU
- 📣 Most young people are ill-prepared for these rapid labour market changes.
- 📣 Temporary positions are common.
- 📣 Risk of exploitation.
- 📣 Many gig workers can be financially insecure.
- 📣 Some gig work can be well paid.
- 📣 Some workers prefer the gig model.
- 📣 Freelance gig teams can be a source of innovation.
- 📣 Some gig teams are engines of job and wealth creation.
- 📣 Young people want to influence the policies which will shape their futures.

HOW?

- 📣 Raise awareness and understanding among policy-makers and young people.
- 📣 Promote an inter-generational and cross-sectoral response.
- 📣 Test this in **Policy Innovation Co-Design Labs** initially in Friesland (NL), Meath (IE), Newry and Mourne (NI), Barcelona (ES) and Kaunas (LT).

OUR GOAL

- 📣 The EU **Giggin' Policy Project** will gather the latest knowledge about the gig economy from across the EU and share it widely, focusing in particular on the risks and opportunities which the gig economy presents for young people preparing to enter the world of work.
- 📣 As local economic development policy is re-drawn in the aftermath of the Covid-19 pandemic the *Giggin' Policy Project* will help young people to shape the change by sharing their perspectives on the gig economy and involving them in the design of new policy instruments.
